A Tiny Dot's BIG Adventure!

One imaginative adventure. Three flexible levels.

RECEPTION

What Can My Dot Become?

Draw a tiny dot anywhere on your paper. Now turn it into something wonderful! Could it become a ladybird, a flower, maybe even a fish, or something completely different? You decide. Add colours and details to bring your creation to life. What have you made? Can you make something else from another tiny dot?

EYFS · Expressive Arts and Design — imaginative drawing and creating; Communication and Language — sharing ideas.

YEAR 1

My Dot Comes to Life!

Start with a tiny dot and turn it into something imaginative. Now imagine your creation comes to life! What does it do? Does your ladybird fly to a flower? Does your funny creature jump into a puddle? Draw a picture showing your creation doing something exciting, funny or surprising. Write a sentence or two describing what happens.

KS1 · Art and Design — developing creative ideas; English — sentence composition.

YEAR 2

My Dot's Amazing Adventure!

Begin with a tiny dot and transform it into anything you can imagine! Now bring your creation to life and take it on an adventure. Where does it go? What does it discover? Who does it meet? What happens next? Draw three or four scenes showing your creation doing different things. Write a short story connecting the scenes, with a beginning, middle and end.

KS1 · Art and Design — developing ideas; English — sequencing and narrative writing.
